U. F. O. (The Great Deception)

The enigma of the **U. F. O.** has puzzled and intrigued individuals and sections of mankind for a number of years now. Reports of strange craft, some containing alien-like creatures; landing or being held in secret locations known only to individuals such as the ‘**Majestic Twelve**’ continue to circulate. To add even more mystery and intrigue to all this, the common denominator always seems to be extra-terrestrial phenomena [visitors from another planet].

The public enjoys it and the media thrives on it. Of course, there is no smoke without fire. So perhaps a new controversial opinion might just solve the problem, while at the same time present the most thought-provoking evidence yet!

If we accept the sightings, landings and acquisition of material as genuine; then we must also consider from whence they originated. Outer-space is of course the most favourite one, as already mentioned; but to accept this idea we render the Sacred Holy Scriptures [Bible] null and void. (See ‘**The Deluge**’ by Alexander Winslow).

Project Jehovah [The Alpha-Omega Report]

“Recently, we stumbled across information about a U.S. “governmental project with the code-name “Project Jehovah.” Now we had heard the term used before a few years ago by at least one UFO researcher, but had not heard nor read of any other details. So it was of great interest when we stumbled across a website on UFOs that mentioned the term. In a further research follow-up, we did find out a little more about the term.

Project Jehovah was a program operating under the direction of the super-secret **MAJESTIC 12**. **MAJESTIC 12** had two such operations under its domain: “Project White Pebble” and “Project Jehovah”. Now why that name??? Well the site itself featured a significant quantity of papers, documents and briefs pertaining to **MAJESTIC 12**. This rather unique website also featured scanned-documents involving the **MAJESTIC 12** and **MAJIC 12**.

The site also featured a significant quantity of papers, documents and briefs pertaining to **MAJESTIC 12**. Also within that website, was found a handful of very intriguing photostat documents which included the term “Project Jehovah”.

This source also indicated that **MAJESTIC 12** was taken out of existence as a government entity in 1969. It was taken over by the private sector and well-funded by big money and powerful science. It was also known by other names, the last of which was Project Jehovah as recently as 1992. It may also have operated as Project Zodiac in 1995.

Majestic 12 was a consolidation of two different pentagon groups... Majestic and Jehovah which was overseen by a board of twelve directors. Each name was classified above top-secret, retaining the highest classification as "Most Secret." The highest classification in 1952 was "**TRINE**" and later "**UMBRA**". As of 1990 it was "**SACRED**". **JEHOVAH** was the name of the project to back-engineer the hardware and study the physics. Project Jehovah as a name was coined by the famous Albert Einstein 1949 for apparent **BIBLICAL** considerations.

The documents also use an intriguing term for some "aliens" called **EME**'s. Unlike **EBE**'s which stands for essentially "alien" life-forms, **EME** stands for "**Extra Materialized Entities**". After reading this information it has become clear that an old hypothesis dating back to 1965 was not only valid, but verified. The impact of this hypothesis forces the conclusion that UFOs are actually manifestations of **REBEL ANGELIC [DEMONIC]** activity, due to the fact that the time is drawing near for the fulfilment of prophecy in the book of Revelation to John the Apostle of Christ Jesus.

An interview conducted with a former **NASA** scientist with extensive **UFO** background, revealed that this person had access to secret intelligence briefing papers. While in the process of compiling this research data along with a number of others involved in the project, it steadily became evident that the **UFO** phenomenon is indeed **ANGELIC** in nature.

As the interview continued, it was further revealed that these evil, demonic forces are already working to bring about the Antichrist to power on Earth. It was also revealed that this former **NASA** scientist was of an atheistic or agnostic Jewish background, who never held any stock in religion until presented with the secret documents about **UFOs**. Those papers made a **believer** out of an **atheist**. Also, these documents correlate substantially to other indicators that also point to the **UFO** phenomenon as being **angelic/demonic** and **Biblical** in nature." [Check website: <http://www.majesticdocuments.com>]

To return now to the Winslow **UFO** file, what really is the issue here? A **UFO** is in itself, merely an **unidentified flying object**. The sightings of which, are legion. Therefore because they exist, the real point of the issue is to determine their source. Now everything in creation exists due to one principle, **Cause and Effect**. So the **UFO** whatever its manifestation, is the **Effect**. The **Cause**? Well, perhaps with a little patience we can ease ourselves out of this intriguing quagmire and gain at least a portion or even complete enlightenment.

First let us state a point here and now, just as man definitely does not originate from another planet; so neither has he ever been visited by creatures from that source. The reason for our confidence in this statement is that none of the ancient artefacts, in or out-of-place with history; is composed of any material unknown on earth: all are of **Terrestrial** origin! Their technological make-up conforms with the development of our own modern civilization.

It was during a project involving an investigation into the source of life's energy force that Dr. Wilhelm Reich re-discovered that which he later called **orgone energy**. His experiments proved the existence of this pure life-force and he soon came to recognize the laws which regulate its flow and the normal influences to which it responds. **Orgonomic Engineering**, the **Science of the Yavannas** was re-kindled!

An apparent link between leys and **UFOs** has now been discovered, unifying each with the earth's vital current. Unrecognised today, but known and used by those who understood this ancient science.

By the use of a simple apparatus, this natural universal **mega-force** was controlled and directed to practical effect. Reich found how to produce changes in the weather, dissolving clouds by drawing-off their sustaining energy and stimulating or diminishing local rainfall. Just before his death, Reich was investigating means of space travel within the flow of inter-galactic currents of energy.

Then came the connection! A statistical analysis of the geographical distribution of **UFO** activity by M. Lagarde, found that the greater proportion of sightings took place in areas along fault lines. This was found to be in harmony with the findings of another investigation into the pattern of **flying saucer** reports, which gave several instances of straight lines across the earth's surface which seem to attract **UFO** activity. It produced evidence to show that **UFOs** navigate along these lines, moving over the country by certain definite routes.

When two flying saucers passed above his laboratory on the night of May 12th 1954, Wilhelm Reich performed a remarkable experiment. Suspecting that their illumination derived from an encompassing field of **orgone energy**, he directed towards them the apparatus which he had devised for liquidating clouds and found that very soon the lights began to diminish and fade away.

Reich's experiments revealed much about the nature and effects of this **orgone energy**. It is present throughout the universe in every particle of matter, in every area of space. It is in constant flow, ever initiating new cycles of creation, growth and death. Though mass-free and therefore hard to isolate, it provides the medium through which magnetic and gravitational forces manifest their influence. The mystery of how the great stones and megaliths were lifted and moved to accomplish the building of gigantic constructions such as the **Pyramids** and **Stonehenge**, is easily explained by the use of **Orgonomic Engineering**. Using this powerful anti-gravitational, orgonomic magnetic-force; the stones would just **float** along and **slide** into place.

As ancient manuscripts testify, the first of our race possessed vast intelligence; they understood all there was to know. This is because unlike today, they were able to use the whole of their brain; whereas today we are able to use only one sixth. Also, due to their superior intellect, writing, an element we consider extremely vital to our society; was not even needed. With such a superior memory, they forgot nothing! In fact later, when eventually the **written word** was deemed necessary for the continuation of knowledge; due to a gradual deterioration of an imperfect memory: it was actually considered to be a step backward for civilization rather than a step forward.

During the early post-flood era, the Yavannas' [sons of Javan] began using the power of flight by means of the **Orgone Force**. This knowledge of the **Orgone Force** continued right up to the time of the Tower of Babel when by this time it was considered by Almighty God that due to the fact that mankind had reached a point whereby there was now nothing to which they could not attain [even **time-travel** was involved], so their progress and ability was curtailed.

The **Confusion of Tongues** brought an end to the period when the earth was all of one language and one set of words. So with the perfect [Edenic] language now divided into a multitude of tongues, the human race split-up as each individual group went its own different way. Soon the science and application of the **Orgone Force** was lost to the majority of these now estranged groups of mankind.

Today, in the twenty-first century with its talk of **UFOs** and creatures from outer space; we find ourselves once more examining in addition to the Yavannas' and their once-lost ancient superior technology **Orgonomic Engineering**: an even more powerful and intellectual force of **Dark-Angelic** origin!

Six thousand years ago, man was placed in the **Garden of Eden** with the possibility of everlasting life on the earth as a human; providing he remained obedient to the Creator. A covering Cherub was placed in charge to over-see the needs of this start of the human race. In his mind's eye however, the Cherub visualized a different out-come; mankind serving him! In this one move, the **Great Deception** was born!

We are informed through the Holy Scriptures that man has been created just a little lower than the angels and with the ability during this early stage, to perform things he cannot even do today. So by indulging man to disobey the Creator, the Cherub, now Satan [opposer], was and is at last able to control the affairs of mankind.

This challenge was not one of strength, because the Creator would have won on the spot. Instead this was simply a challenge of obedience [**You cannot put a perfect man on the earth who will stay obedient and true to you even to the death**] which the Creator accepted. In this way, a legal precedent will eventually be established which will apply to the whole of creation. In the meantime, this challenge which has now been running its course for just over six-thousand years, is now nearing its completion. The out-come is already a fore-gone conclusion, due to the fulfilment of the challenge by Christ Jesus [**The Liberator**]. The purpose of all this? **World Domination!**

During the period which began shortly after the **Edenic Episode** and continued until **2345 BCE**, one third of the angelic sons of the Creator decided to follow Satan and observing the exquisite beauty of the near-perfect women on the earth; decided to materialize as human males and co-habit with them. This produced a hybrid, mongrel race of giants, an abomination to creation. While the disobedient angelic sons of Satan ruled with a rod of fear, their giant sons imposed their will on whomsoever they chose. The once realm-of-delight had now turned into a realm-of-darkness. Deception was now replaced by blunt reality and the first step towards **World Domination** was in place!

Then in **2345 BCE**, everything changed. The hand of the Creator moved, and the **Great Global Deluge** swept the face of the planet. Nine-hundred million people perished, along with the giant sons of the disobedient angelic ones who themselves dematerialized and returned to the heavenly realm; but this time with a difference: the ability to again materialize human bodies was removed from them. The period of **The Great Deception** was about to begin.

The denial of the existence of a Creator, is the sole object of Satan. The denial of the existence of Satan however, works in his own favour. This way he can manipulate the minds of individuals and control the affairs of mankind to the fullest extent, without any fear of opposition. The introduction of the **Evolution Theory** was a major step in manipulating the minds of individuals, inducing them to turn away from the Creator; just as in Eden. But as foreseen, this deception did not fool everyone. A more subtle, visual concept was required. Something so extraordinary and beyond man's conception, that its visual phenomenon would destroy all concept of the existence of a Creator and Almighty God! So in the light of this, the **UFO** was born!

To know then how this works, one must first understand completely what a miracle is. **A miracle is an event involving natural forces acting in opposition to natural law.** In the same way, these dark angelic forces are using this same method to deceive mankind into believing that the **source** of the **UFO** is **extra terrestrial**; when in fact it is actually **Angelic [demonic]**. Also, the substance of the **UFO** being of a natural origin; explains why Dr. Wilhelm Reich's apparatus was able to influence it.

The purpose of all this? **World Domination by the forces in opposition to the Creator!** In other words, a reverse copy of the intended **World Government on the shoulder of the Prince of Peace** (Isaiah 9:6, 7).

Conclusion: In accordance with the **Alpha and Omega Report**, the source of the **UFO** is indeed **Angelic in type**; while the **effects** observed are without doubt in substance; **Extra Materialized Entities**. Used in a specific way, these **effects** have enabled the instigators of this phenomena to blind the minds of all those who are susceptible; thereby bringing about **The Great Deception!**

Alexander Winslow T.Sc. I.B.S.A

N.B.

It is completely in the interests of the present world governments to let people believe that U.F.O.s are of extra terrestrial origin and that so-called GHOSTS etc. are spirits of dead people, when actually both originate specifically from one common source

If this actual source was officially revealed and confirmed by these authorities, the whole world would change over-night! As a Theocratic scholar and researcher, it has been necessary to investigate down to the last detail; the specific reason for this vast deception which has plunged mankind into an abyss of confusion.
